## The Green ERA- Hub

The Green ERA-Hub is a Coordination and Support Action (CSA) funded under the WIDERA program. It aims to **keep the momentum gained in the ERA-Nets over the last 17 years** and at the same time **build on previous achievements and further enhance cross-sector collaborations** between Agri-food and biotechnology ERA-Nets. By doing this, the **GEH will provide support** to EU networks (e.g. ERA-Net consortia), national research funders and researchers in the Agri-food and biotechnology sector by streamlining **information, communication, co-operation, and joint transnational funding that best fits their needs.**

## Questionnaire

**We want to know more about your research priorities for the next years.** For this, we kindly ask you to complete [our survey](#). Filling in the survey will take less than 5 minutes. Results will be contribute to our upcoming calls and roadmap. **The questionnaire remains open until 02<sup>nd</sup> December 2022.**

## Agenda

Time	Content	Speaker
10:00 – 10:05	Welcome	ALL
